

COMMUNITY BIBLE CHURCH

KNOWING GOD • GROWING TOGETHER • SHOWING CHRIST

Navigating COVID-19 at CBC (updated: November 10, 2021)

We are continuing to monitor the number of COVID cases in our area as winter arrives. In the meantime, here's what we are currently doing:

- We continue to offer our services on **Zoom**, as well as in person, for those not ready to join us in person. About 2/3 of our congregation has been coming in person with the remainder on Zoom.
- We encourage all our attenders to wear a **mask while singing**.
- We remind those 3 years and older who are **unvaccinated** that NY State still requires you to wear a mask in indoor situations. (We welcome vaccinated individuals to wear a mask, too, if you prefer.)
- We have dedicated our lounge as an **overflow space** for those who prefer a space where everyone is **required to mask and social distance**.
- We may have windows and door open for added **ventilation**—dress warmly!

Our kids and youth ministries have restarted in person. Our Kids' Sunday school is running both in person and on Zoom, as needed, depending on family preference. Call our office for details – 914-762-1632.

To join our service on ZOOM, just [click here](#) (you will need to call 914-762-1632 (24/7) first to get the passcode).

Many of our small groups are still on ZOOM as well, though some are in person.

About Zoom: Those who call in by phone can hear and speak. Those joining online using a computer/smartphone/tablet with speakers can see and hear other participants. With a webcam/camera and mic, you can be seen and heard. Earphones with a built-in mic also work well.

Instructions

By phone (audio only): Call: 646.558.8656. After prompted, enter the meeting ID: 9341910548.

Online: Use the link above to join us on ZOOM. The first time using ZOOM, you will be prompted to download a simple app before being connected to the virtual meeting. You must allow it to install and (on some devices) to access your camera and microphone. If you do this right now, of course, the meeting might be just you! Click this [link](#) to find more detailed instructions on using Zoom.

If you have trouble please ask a techie friend or call the church office for help at 914.762.1632.

Using the zoom controls

Once you are on Zoom, please familiarize yourself with the controls. Sometimes you have to wiggle your mouse pointer or tap the screen to reveal the controls.

Find the **microphone** icon – this lets you mute and unmute yourself so other can hear you. Please keep yourself muted when you are not speaking (mute doesn't affect your ability to hear others).

The **video camera** icon – this lets others see you or not see you, as you prefer.

The **Gallery view** and **speaker view** options – How you access these options depends on what device you are using. They allow you to see many people at once (gallery view) or mainly the person speaking (speaker view).
